

BLACK FLOATING GLASS 36" JX3™ ELECTRIC DOWNDRAFT COOKTOP

JED3536GB

Signature Features

JX3™ DOWNDRAFT VENTILATION SYSTEM WITH 3 SPEEDS

Developed and refined by JennAir®, this downdraft ventilation system uses proximity ventilation that helps capture smoke, steam and odors at the cooking surface, whisking them down and out for a fresh, clean kitchen. It has been designed to provide optimal cooking performance, relying on a vertically mounted, 297 CFM Motor Class blower system.

OBLIVION GLASS DESIGN

Sleek black glass that seizes its surroundings. Lose yourself in the depths of infinite possibilities that dare you to explore your limits.

CONVERTIBLE TO DUCT-FREE VENTILATION

Keep the view from your kitchen open and free from ductwork with this optional kit that allows conversion to duct-free ventilation.

DURAFINISH® GLASS PROTECTION

DuraFinish® Glass Protection helps keep your ceramic glass cooktop's surface looking like new by resisting scratching.

SEMI-FLUSH INSTALLATION

Subtlety that dares to be ignored. Standing semi-flush at 3mm above the countertop, this precision edge is minimalism magnified.

12"/9"/6" TRIPLE-CHOICE™ ELEMENT

Reaching a powerful 4,500 watts, this three-tiered element allows you to experience the ultimate versatility in power levels and heating efficiency, accommodating various-sized cookware.

COLOR-COORDINATING DIE-CAST METAL KNOBS

Robust, die-cast metal knobs offer precise control and color-coordinate with either the Euro-Style Stainless or Black design of these cooktops.

PERIMETRIC EXTRACTION

Provides exceptional ventilation performance built into an attractive design by capturing cooking vapors through a thin slot and speeding the air, all while maintaining quiet operation.

Dimensions

Depth: 22-1/16 in
