

RISE 24" BUILT-IN COFFEE SYSTEM

Signature Features

6 CUSTOMIZABLE PROFILES

Bold flavor, refined to your taste. Craft up to six individualized profiles with custom drink choice, strength and size to quickly select your favorite drink. Profiles, complete with individual icons, are displayed in order of frequency of use.

3.5-INCH FULL-COLOR LCD DISPLAY

This full-color LCD touchscreen is compact and packed with dynamic features that allow you to customize cafe-style drinks to your individual taste. Navigate effortlessly through settings with inviting controls that respond to a light touch.

WHOLE-BEAN COFFEE GRINDER

Finely ground, flavor rich. This grinder's barista-style metal construction transforms the freshest beans into the most flavorful coffees, espressos, cappuccinos and more.

GROUND COFFEE COMPATIBILITY

Indulge percolating cravings with coffee, espresso and cappuccinos made with pre-ground coffee or whole beans.

FLEXIBLE INSTALLATION

Make your move. With only a 120-volt connection required and an easy-to-fill water reservoir, this system installs anywhere in your home.

CUP TRAY WITH INTEGRATED DRIP TRAY

Gourmet brews flow into waiting cups nestled safely in the tray. Beneath, stray drips and water from rinse cycles are captured in the integrated drip tray, which is easily removed and cleaned.

DUAL DISPENSING SPOUTS

Serve guests simultaneously. Height-adjustable, dual-dispensing spouts let you brew two cups of barista-style coffee or espresso at one time.

RISE™ DESIGN EXPRESSION

Forged for an era of striking proportions, robust lines draw the eye and an asymmetrical, diamond-knurled texture wraps around a strong, postured handle.

STEALTH FLUSH DESIGN

Flush-to-cabinet design creates a subtly striking, unbroken line across the kitchen. With 1/8" reveals, the coffee system merges discreetly into cabinetry—a bold move for open kitchen designs, islands and creative explorations.
